## Why Study the Word of God?

When you're fluent in a language, you use that language to express yourself and to communicate clearly with others in conversation.

A person who is fluent in the Bible is able to express ideas, converse with others, and put their learning into practice through the love-language that is the Word of God.

Bible Studies and Small Groups are just the beginning of our Biblical "language development" at Emmanuel!

**Join us in becoming People of the Word!**
